

"Velogic was launched in October 2009 to regroup all of the logistics activities that have been offered by Rogers & Co. Ltd for the past 40 years under a single international brand. Velogic operates its own offices across 28 major cities in France, India, Madagascar, Mauritius, Kenya, Mozambique and Reunion. Its strategic intent is to reinforce its presence in the Indian Ocean region as well as providing logistics solutions worldwide through a well represented network of reputable agents. Its corporate office is strategically located inside the Mauritius Freeport Zone together with its local operations.

Velogic offers an integrated logistics platform with an extensive range of services such as freight forwarding, customs clearance, warehousing, multi-modal transportation, container depot and ship brokerage. Velogic also provides value-added supply chain solutions to large multi-national companies with household brand names.

Velogic delivers tailor-made and high-quality logistics solutions to its global customers by leveraging on its excellent relationships with shipping lines, airlines and agents, coupled with its highly experienced personnel and robust I.T. platform. Velogic prides itself on being customer focused, agile, best-in-class and ethical in facilitating the world of commerce."
